

# Valves And Components For Gas & Cryogenic Applications

## Components For Helium And Hydrogen Applications

### VALVE TECHNOLOGY

Valves and components for temperatures down to 1.8 K, and up to 1000 bars

### CRYOGENIC COMPONENTS

Valves and components for temperatures down to 1.8 K

Cryogenic Transferline Coupling

Bellow-sealed valves

Pressure Hydrogen Valves

High pressure Process Shut-off Valves

Steel Needle Valves

Nuclear Fusion Basic Research Plasma Physics

Liquefaction, Distribution and Storage of Hydrogen for Automotive Application

Market of WEKA Valves and Cryogenic Components

**Applications: Liquefaction Of Gases / Plasma Ana Research, Space Infrastructure**

**TOSHNIWAL HYVAC PVT. LTD.**

267, Kilpauk Garden Road, Chennai - 600 010. India. Tel: +91 44 26448983 / 8558

Email: [sales@toshniwal.net](mailto:sales@toshniwal.net) / Web: [www.toshniwal.net](http://www.toshniwal.net)

**Branches : Bangalore, Delhi, Hyderabad, Kolkata, Mumbai, Vadodara**
